Ecma International policies

The Ecma procedures consist of a set of policies:

- <u>Ecma By-laws</u>
- <u>Ecma Rules</u>
- <u>Ecma IPR Policies</u>

http://ecma-international.org/memento/policies.htm

Royalty Free Patent Policy

TC39-Royalty Free Task Group

Scope - Programme of work - Activities

Scope:

Standardization of the general purpose, cross platform, vendor-neutral programming language ECMAScript (JavaScript). This includes the language syntax, semantics, and libraries and complementary technologies that support the language.

TC39 Royalty Free Task Group permits under special conditions technical contributions by 3rd parties (i.e. non-Ecma TC39 members) to the work of this group.

You are kindly invited to fill in your personal information here if you wish to contribute as a non-member: http://tc39.github.io/test262-cla/ .
